

## OHH: Ski Hash 2012

Oslo Hash House Harriers welcomes you to our annual Ski Hash! Ski Hash 2012 will be held at Nordseter, the same venue as last year. Nordseter is located 850 metres over sea level and is approximately 14 km from Lillehammer. The area is known for its excellent snow conditions and is the perfect place for cross-country skiing and snow games. If you like you can even go downhill skiing.

There is a variety of ski trails for both experienced and virgin skiers alike. The runs will be set with cross country skis in mind. Ski hire is available for those who do not have their own skies and there will be some time in the schedule to practise for those who have not skied before. Trails will be laid with the novice in mind.

But there's more to a Ski Hash than just skiing. Snow games, sauna, swimming pool (!), partying and disco all fuelled by generous quantities of beer and aquavit, "the breakfast of champions".

This year we will accommodate all Hashers in Nordseter Sportell in 10 individual cabins/apartments (no extra walking in deep snow required to get to/from cabins!!!) All food for the weekend is included in the registration fee. It will be possible to make your own lunch packet at breakfast on Saturday and Sunday. Visit the accommodation web site at: <http://www.nordseter.no/>

Your registration fee includes 2 night's accommodation, drinks and meals and the coach ride/return to Oslo with a pick up and drop off at Oslo airport Gardermoen, if required. Rental bed linen is available at an additional cost for those who choose not to bring their own bed sheets or sleeping bag.
